## MESSAGE FROM THE CEO

---

Greetings all ☺

There has been plenty going on in the Zone with the conclusion of ANZP player contracting and season reviews, budgeting, meetings with regard to the Christchurch nine court indoor and aquatic facility (Metro Sports), national Zone CEOs meeting and Zone U15 tournament.

Our Zone U15 competition was fantastic and finished with the final at North Canterbury Netball Centre (Rangiora) a couple of weekends ago between Christchurch 1 and Christchurch 3 (U14 team). An amazingly tight battle developed with Christchurch 1 ending up the winners by just three goals. Congratulations ☺. A big thank you to all our Centres who hosted round-robin and finals action and to all the coaches, managers, officials, players and volunteers for your time and commitment.

Marianne Delaney-Hoshek, Jen Hopper and I have finished player contracting for the 2018 ANZP season. The 2018 competition commences on 6<sup>th</sup> May and concludes with the Grand Final on 12<sup>th</sup> August 2018, followed by SuperClub (top three NZ teams) in Nelson. We have a number of exciting additions to the Silvermoon Tactix family as well as a core group coming back. Some tough decisions were made and we are confident that we have put together a competitive roster for 2018. The Silvermoon Tactix 2018 ANZ Premiership roster: Kate Beveridge, Ellie Bird, Charlotte Elley, Temalisi Fakahokatau, Brooke Leaver, Jess Moulds, Erikana Pedersen, Kimiora Poi, Zoe Walker and Jane Watson.

### Silvermoon Tactix players achieving national selections:

Silver Ferns - Temalisi Fakahokatau and Jane Watson

NNZ Development Squad: Zoe Walker, Erikana Pedersen and Ellie Bird

At time of writing, recruitment for an Assistant Coach for the Silvermoon Tactix is in the final stages, with short list interviews.

As the netball season comes to an end, we head into planning mode, including our up-coming Netball Mainland Zone Centre Forum to be held in Christchurch over the weekend of 7<sup>th</sup> and 8<sup>th</sup> October 2017.

Take care.

Kind regards, Brigit

## COACH DEVELOPMENT

The journey to connect with centres within the zone is on-going. Thank you to the following centres for the warm welcome: Mid and South Canterbury, Selwyn, Blenheim, Hokitika, Greymouth and North Canterbury. It has been a privilege to see members of the netball community in action and the kind gestures certainly warms the heart. One of the highlights was seeing the Jellybean tournament at North Canterbury Netball Centre. The creative efforts that teams put into their uniforms was astounding. The centre visits also provided an opportunity to observe the player development coming through the zone, especially during the Netball Mainland under 14 and 15 tournament.

Thank you to the coaches at Selwyn Netball Centre who took the opportunity to be observed and develop their skills as coaches. The learning opportunity provided the coaches with support and advice to be confident in their roles. If coaches want to further raise their effectiveness, Netball Mainland is currently providing a mentor programme in the Christchurch, North Canterbury, Selwyn, Malvern and Nelson areas. Contact the relevant centres and they will discuss the process and connect you with a mentor. Alternatively, email [geni.tuilagi@netballmainland.co.nz](mailto:geni.tuilagi@netballmainland.co.nz). ### A NOTE FROM THE COACH

A successful team starts with a successful culture.

So, you have completed your team vision and the season is coming around. The question that remains is how is your team going to live out your vision in everyday life?

It is great to have a vision and values but you need systems and processes that ensure you live out your vision.

Your first job as a coach is to create a successful culture- and one of the most powerful tools for this is setting a good example. You need to model the kinds of behaviour and, expectations and standards that you are wanting your players to have. For example, if you want high work ethic then you need to model this- are you well planned, hardworking and always looking for a new edge? This behaviour displays that you have a good work ethic.

You need to set the tone with how your athletes train, lead, win, lose and what sort of people they are off and on the court. If you have a huge culture shift needed, sometimes it's easier to start by focussing on a couple of key things.

It takes time to instil the right culture and sometimes there are players who are not willing to shift behaviours. If they are not willing to shift, then you should not have them involved in your team- try and create a culture to retain and attract the players that will help you succeed in the long run.

If you can set up systems of accountability with your staff and player's, then everyone is on the same page from the beginning.

In the past, a helpful tool I have used is a simple above and below the line concept-

Behaviours above are behaviours of ownership, accountability and responsibility and below are blame excuses and denial. You can go through examples of types of behaviours that sit above and below the line and encourage them to stay above the line in all they do.

Ownership  
Accountability  
Responsibility

Blame  
Excuses  
Denial
